## Vision

*The vision of Himgiri Zee University (HZU), Dehradun is to become a World Class University imparting quality education through the conventional and digital modes of learning.*

## Mission

*To provide quality education and research opportunities and to engage in extension outreach activities for meeting societal needs without any discrimination with an objective to build responsible citizens.*

*In addition to the conventional mode of education, HZU, through the use of modern technologies, will bring education to the doorsteps of all those who did not have access to higher education earlier.*

## Message from the Patron

### Dr. Subhash Chandra

Based on the motto 'Vasudhaiva Kutumbakam' (The World is my Family), Himgiri ZEE University has been established for the vocationalisation of higher education which is national in character. The University is characterized by its resolve not to discriminate on the grounds of caste, creed, residence, community, gender, and religion.

The University promotes a holistic approach to learning where each individual receives academic insight along with the fundamental values of work ethics and etiquette. Over the years our efforts have been towards creating good infrastructure, providing a newer facility for the students, and upgrading our programs and faculty to strengthen the academic rigor of the University.

The University will benefit from the wide range of industry linkages of Essel Group. We will ensure that final-year students will receive ample opportunities for successful placements in reputed companies of Essel Group and other organizations across the country.

We welcome students and parents to be a part of Himgiri ZEE University and join hands in our efforts to groom a new cadre of professionals for India.

## Message from the Chancellor

**Prof. (Dr.) Md. Irfan Khan**

Dear Students and Parents,

Education is a well-founded means of transforming both the society and individual. It invigorates not only the mental construct to think innovative ideas but also builds human character and layers of multi-dimensional personality. Our young generation have enormous potential and charisma to make this world a beautiful place to live. Historically, big inventions and researches have been done by the young brains. These inventions have brought about big changes and made this world more beautiful, comfortable, and exciting. You have unlimited potential, intelligentsia, and innovative skills to go beyond the existing realities of the world and create new knowledge. As an academician, I strongly feel that the young brains, are not only our resources but also the flag bearers of the future society.

With this approach and attitude, we, at Himgiri Zee University, function for the growth and development of our students by imparting new-age knowledge. The new modes of teaching, digital media and blended learning are our specific features to keep students abreast of the changing paradigm in the education world. Post-Covid era has been full of anxiety but it has given us new opportunities to be more thoughtful for the future teaching-learning methods and practices. I feel proud to say that Himgiri Zee University has implemented the new teaching-learning methods using smart classrooms and digital media technologies. We have faculty from diverse area of expertise who work hand in hand to prove the best in them. They are our resource pool of academicians, researchers, corporate and industry. With state-of-the-art infrastructure, we build future through academic and professional courses in Agriculture, Education, Mass media, Humanities, Management, Legal Studies, Science & Technology, Pharmacy and so on and so forth.

I feel proud to announce that at Himgiri Zee University, we take care to make *this place not a home away from home but 'another home' where your living is as comfortable as with your family*. I welcome you all to the beautiful campus covered by the greenery of nature to gain knowledge and skills and make yourself a successful professional.

## Message from the Vice-Chancellor Prof. (Dr.) B.S. Nagendra Parashar

Dear Students and Parents

It gives me immense pleasure to invite you all to Himgiri Zee University. Located in the outskirts of Dehradun amidst Shivalik range of the Himalaya, the university has a mesmerizing ambiance with serene environment which is apt for academic pursuit and strong mental as well as physical health. With a modest beginning in 2003, the Himgiri Zee University has been established to meet the growing demand for trained human resources in industry, corporate and academic institutions. Our aim is to impart global competencies to our students through classroom teaching, field training and skill development. The future world is full of challenges in almost every profession and therefore, it becomes the responsibility of educational institutions to provide education that prepares the students to face the challenges and bring innovation to the society. To meet these challenges our students are regularly sent for internships in industry to have real-life exposure and enhanced understanding of the professional world. Our ideology is to impart quality education by knowledge enhancement, building core competencies and bridging the gap between academia and industry. To achieve this objective all programs offered in our University has one full semester internship program. Internship program is a unique selling point of our University.

We promote research and dissertation writing even at the graduation and master level with an objective to expose our students to various field problems which needs attention. Further, we offer flexible academic structure which enables students to opt for the courses as per their interest in essence we enable the students to tailor their resume.

At Himgiri Zee University, our vision is the holistic development of our students and to achieve this we leave no stone unturned. Our curriculum is planned in a way to offer courses as per the industry needs as well as to offer courses to impart values needed to become socially skilled professionals course curriculum is designed based on NEP guidelines. Experiential learning is provided at all stages. Soft skills training, career guidance, extra-curricular and co-curricular activities are a regular feature at our campus.

We strongly believe in the philosophy of imparting education beyond classroom. Our students are engaged in Community and Social Welfare activities. We are forwarding towards encouraging entrepreneurship and innovation on the campus.

As you are now beginning the most important part of your academic journey that will decide your career and future, I would like to assure you that Himgiri Zee University is the right place for you. With these few Words I once again welcome you to Himgiri Zee University and wish you a great future.

## Message from the Registrar

**Prof.(Dr.) R. Nesamoorthy**

Himgiri Zee University has got a rich tradition and legacy. The University established in the year 2006 to cater to the educational needs and aspirations of the people of the then Uttaranchal State , now Uttarakhand, is fast emerging with excellence in teaching, research, extension and outreach activities. The University is committed to cater to the needs of higher education offering a range of Doctoral, Post-graduate, Under graduate, Diploma and certificate programs in Humanities & Arts, Science & Technology, Law, Management, Education, Hotel Management, Journalism & Mass Communication and Pharmacy disciplines.

The University has proactively interacted with Industry, Academic and Research Institutes and entered into collaborative research agreements through MoU's (Memorandum of Understanding) to conduct research work in frontier areas.

To further enhance the status of the University to compete with the top notch Universities it is going to adopt NEP model, E-Class Rooms, Establishment of Incubation Centre's, modernization of Laboratories to meet the requirements of new programmes soon.

Education is about much more than employability. It includes evolving with a different views, developing different perspectives and creating window of opportunities to the young minds and ultimately shaping them into a world class human resource. The students are to be given counselling and guidance and instilled with virtues and values of life through its various programmes so that the students emerge as citizens with moral, ethical and social values so as to fulfil their obligations to the society and nation.

I congratulate all the stakeholders being part of HZU's journey in all these years and in future as well and also for giving me a chance to contribute and take the University to the higher levels.

# About the University

Himgiri Zee University (HZU), Dehradun formerly known as Himgiri Nabh Vishwavidhyala, has been established Under Uttarakhand (Amendment) Act.- 3 of 2011, Recognised by UGC Under Section 2(f) of 1956 Act. Government of Uttarakhand with mandate to meet the growing demand of trained human resources in various social, educational scientific technical and professional organisations so as to channelise human energy towards sustainable economic and social development. In order to bring a difference in education and employment, in 1995, Dr. Subhash Chandra, Chairman, Essel Group of Industries brought together a group of committed anthropologists, sociologists, economists and communication professionals to set up TALEEM Research Foundation in Ahmedabad. One of the mandates of TALEEM Research Foundation was to set up a University based on the motto **‘वसुधैव कुटुम्बकम्’** where the world is considered a family and his dream project came to existence in the form of Himgiri Zee University, Dehradun. Situated amidst the serenity of the Shivalik hills, its state-of-the-art campus is spread over 50 acres of land. The entire campus is Wi-Fi enabled with high speed internet connection of 1 GBPS. We are a ragging free campus where students feel safe and at home. We have hostel facility separately for girls and boys. Our computer labs, language lab, psychology, other resource centers and eminent sports facilities make us stand out among all in the education industry surrounding us.

Himgiri ZEE University has 8 schools with 12 departments that offer Certificate, Diploma undergraduate, post graduate and doctoral programs in various field of study ranging from science, technology, education, journalism, hotel and tourism management, law, pharmacy, agriculture, business studies and humanities. At HZU, our vision is to become a world class university imparting education through conventional and digital mode of learning. To achieve our vision, we work strenuously to provide quality education and research opportunities. At the same time, we focus on the extension outreach activities for meeting the societal needs without any discrimination and to build responsible citizens. With the changing needs of the society, we have adopted student-centric pedagogy to develop more aware students who are able to develop core competencies along with value addition to their personality under the able guidance of our highly qualified and experienced faculty. Our students are bringing accolades for the university and we feel proud to quote them to the world media for their remarkable achievements.

We invite you to join us for the new age learning experience where we follow the globally acceptable curriculum and 21 century skill development program that is slated by the World Economic Forum. Knowledge enhancement, skills development, capacity building and building core competencies are the attributes that makes teaching and learning an enjoyable experience at HZU.

## Our Strengths

- HZU is established by India's well renowned - Essel Group.

# School of Science & Technology

School of Science & Technology aims at the overall excellence of our students. We work with the ideals of practical training and personalized relationships to create a model School Par Excellence that will carve a niche for itself, both nationally and internationally and be acclaimed for the futuristic science and technological development to be taught in our classrooms. The School of Science and Technology at HZU came to existence in 2008 with the inception of different Computer Science Programs.

## Vision

*To become a Centre of Excellence offering Technical Education and Research in the field of Science and Technology to meet global challenges.*

## Mission

*M1. To provide quality education, foster research and development, inculcate innovation in Science and Technology.*

*M2. To develop holistic education through interdisciplinary approach, emerging trends, soft skills, extension & outreach activities and knowledge of Indian value system.*

*M3. To coordinate with industry, government and other organisation for the collaborative research, projects and innovation.*

## Our USP's

- Highly qualified, experienced and dedicated faculty with research orientation
- Faculty members are engaged in cutting edge research and publish their findings in Peer Reviewed Journals.
- CBCS Course Structure as per National Education Policy (NEP) complemented by Soft Skills Training.
- Career Guidance and Placement Opportunities for all students.
- Curriculum supported by Guest Lectures, Internships, Projects and Industrial Visits.
- Good Number of Library Books, Digital Library, Journals and E-Resources.
- Value Added Courses to bridge gap between Academia and Industry.
- Short Term Courses/ Certifications/ Seminars/ Conferences/ Workshops / TechFests / Hackathons and MOOCs courses.
- Prepare students for campus recruitment by arranging training in Aptitude tests, group discussions, Technical and HR interviews.
- Promote career counselling by organizing guest lectures by senior corporate personnel and most importantly by the immediately placed senior students and Alumni.
- Full semester internship program.
- Good placement record.

## Infrastructural facilities

- Well-equipped ventilated lecture halls with latest teaching aids
- Smart Classes for Webinars
- Smart ICT Classrooms, Advanced Computer Labs with State-of-Art infrastructure.
- Conference Hall and Seminar Hall
- Laboratories with updated hardware and software
- Each lab is on LAN with student terminal ratio of 1:1
- All Labs have high speed internet facility

## Career opportunities

Employment Opportunities in Multi-National Companies, Defense Organization, R&D sector, NGOs and Government Bodies in following positions:

Software Engineer  
Big Data Engineer  
Cloud Engineer  
Network Security Engineer  
Network Administrator  
Data Scientist  
Data Analyst  
Machine Learning Engineer  
Database Designer  
Database Administrator  
Technical Content Engineer  
Blogger  
Security Analyst  
Ethical Hacker  
Project Manager  
Full Stack Developer  
Development Operations Engineer  
Systems Analyst  
Analytics Manager

## Certification / Approval

Recognized by UGC / AICTE

In order to reinforce and strength, the research based accomplishments in the University; the Research and Development Cell (RDC) of the Himgiri Zee University plays a noteworthy role. The RDC, Himgiri Zee University has made enthusiastic efforts to align its focus through maintaining a research-based eco system in the University by involving all staff, faculty, Research Scholars, and students. With the prime focus on research and innovation-based environment, an enthusiastic and exceedingly noticeable exploration-based eco system for all of our research scholars, students, and faculty is our priority. Our goal is to develop the research influence, and an enabling quality environment where research and Innovation are uniformly expected, produced, and valued. Our belief is to create an eco-system that prioritizes continuous engagement and communication of quality culture, through the pursuit of vibrant research endeavors at Himgiri Zee University.

## Goals /Objective

- To encourage research activities in various frontier areas of science and technology and others.
- Encourage and incentivize faculty for research publications in SCI and Scopus indexed or other equivalent peer-reviewed / reputed and indexed journals.
- To augment the research output of the University by research paper publication in referred journals and reputed conferences.
- To promote University-Industry Collaboration.
- To encourage Core Proficiency and Consultancy work.
- To organize various workshops/ seminar/ trainings related to promotion of research.
- To create awareness about filing Patents & IPR and to motivate all faculty and students
- To coordinate with different Schools/Departments for preparing and finalized the six monthly /annual research activity plans.
- To Create MoU's with Industries, Institutions and R&D organizations for joint research work and consultancy projects.
- To organize brainstorming session through talks with eminent personalities from industry, R&D organizations and institutions of repute.

## About Ph.D. Program

- Himgiri Zee University Dehradun, Uttarakhand, India, offers research programmes in various disciplines, leading to the award of Ph.D. degree. The process to award this degree is in recognition of high academic achievements, independent research and application of knowledge to the solution of technical and scientific problems in different disciplines.
- Following are the broad area of research-

## Agriculture, Forestry and Fisheries

- Weed Management Efficacy
- Genetic Variability
- Bio diversity
- Seed yield
- Fish Production.
- Forestry and allied Sciences
- Tree Genetics study
- Ethnobotany
- Pisciculture

## Business Studies

- Corporate Governance.
- Micro Finance
- Digital Marketing.
- Role Marketing in the Travel and Tourism Industry

## Legal Studies

- Corporate Governance.
- Micro Finance
- Digital Marketing.
- Role Marketing in the Travel and Tourism Industry

## Journalism and Mass Communication

- Media Laws
- Content Management
- Diaspora community,
- Psychological Communication, Semiotics

## Pharmaceutical Sciences

- Patient safety in terms of drug reaction.
- Drug delivery and discovery system
- Pharmacological and photochemistry screening
- Drug synthesis.
- Green Synthesis of Silver Nanoparticles

## School of Education and Humanities

- Teachers' perception of Institutional Climate
- Gender Minorities
- Role of Social Media of different issue
- Domestic Violence on Educated women in India
- Emotional Intelligence

## Science and Technology

- Wireless Sensor Network using Hybrid Soft Computing Technique.
- Mobile ad-hoc network.
- Spectrum Sensing techniques
- Machine learning, Data science & network security
- Digital Communication,
- Cognitive Radio Network,
- Data Mining and Data Structure
- Artificial Intelligence ,
- Machine Learning (AI & ML),
- Deep Learning Internet of Things (IoT)
- Computing and Ad-hoc Networks.
- Wavelets and Numerical Analysis.
- Atmospheric pollution and aerosols
- Satellite Remote sensing techniques
- Differential Optical Absorption Spectroscopy
- Black Carbon Aerosols.
- Environmental Pollution

## The Library

The Library has state of the art information systems and provides access to an extensive range of database, together with traditional printed material. The library is stocked with more than 30,000 books including e-books, 4000 titles and a number of journals and reports that cover all subjects. Although the primary mission of the library is to support the curricular and research needs of the students, the library also provides material and reference assistance for the faculty.

Useful links- Delnet, NAD, NDL

## Hostel and Mess Facility

The University has made the provision of separate AC/Non AC hostels for boys and girls. The students are provided with basic amenities like a cot, table, chairs and a cupboard in their respective rooms

Tuck Shop facility is available in hostels on additional payment.

## Sports Facilities

We believe in training the students not only in their chosen academic discipline but beyond that as well. Sports at University campus provide for the perfect setting to hone one's team skills and to maintain physical fitness. Apart from indoor games, there is a whole gamut of outdoor sports like Football, Volleyball, Lawn Tennis, Cricket, Badminton etc.

# Hostel Fee Structure

Doctor and Ambulance services are available on call round the clock. University provides medical insurance to all students and staff. Full time nurse is available in the campus during the working hours. A staff nurse is available 24 hours to provide medical facility.

50 Acres of Wi-Fi enabled campus.

## Ragging Free Campus

Ragging of students, physically or mentally, is a cognisable offence. All the students are advised not to commit such an inhuman act of cruelty and eradicate this evil from the society completely. Any student is found involved in committing or indulging in such offences, then matters will be handled with much gravity as per law.

Training and Placement Cell at Himgiri Zee University is headed and run by a team of professionals from industry and academia with great exposure who are always at their feet to provide guidance and training to our students for recruitments in various organisations. At Training and Placement cell, we facilitate students for recruitments, internships and training at various industries, corporate and government organisations. Internships and training during the course of study provides every student with exposure to professional development and prepares them for further placements. Internships have grown to become an important criterion to judge an institute's competitiveness and exposure to a variety of work cultures forms a significant part of the wholesome educational experience. At Himgiri Zee University, we understand and value the importance of placement assistance in shaping the career of our students. We organize various placement activities to help the students showcase their talents to the industry during the placement processes. Companies are encouraged to visit the Himgiri Zee University campus for the placement process, which includes pre-placement talks and interviews. Interviews are arranged with several companies in online and offline mode for the placement of students. A large number of our students get placed with the reputed firms as a results of placement drives conducted in the University every year.

## **Our USP's**

- Arranging industry-academia interface
- We conduct workshops to identify skills and strength of our students
- Career guidance
- Year-round placement drives
- Assistance for recruitment
- Soft skills training
- Resume writing training
- Mock interviews
- Guest Lectures by professionals from industry and corporate

## **Infrastructure facilities**

- Well-furnished Training & Placement Cell with wi-fi connectivity, SMART Board, LCD Projector
- Conference Hall for conducting Group Discussions, Mock Interviews and Placement Drives
